Players should be aware that there is a potential threat from wildlife such as wasps, bees and other biting insects. There is also the likelihood of encountering rabbit holes.

Slips, Trips and Falls

Adverse Weather:

Rain, Fog and Ice

During inclement weather, the fact that the course has not been officially closed does NOT warrant that it is fit to play. Therefore, Members, and visitors should themselves determine whether it is fit to play. Players have a duty of care to behave in such a way that others will not be injured by their actions. They also have a duty of care to ensure that they do not injure themselves.

In the event that a player is out on the course when lightning is about the following safety measures are advised.

2. LEAVE YOUR GOLF EQUIPMENT WHERE IT IS AND STAND AWAY FROM IT.
