Health & Safety Guidelines

To ensure that all golfers enjoy our facilities in a safe manner, the following terms are set out for all members and visitors to adhere to. These terms are in place for your safety.

Greetham Valley DOES NOT provide public liability cover for members or guests. It is the sole responsibility of the member or guest, should they cause injury or damage whilst on the premises or using the equipment. Greetham Valley will not accept any liability for loss or damage of personal belongings.

All players must book their tee times a maximum of twelve days in advance and must report to Reception prior to play.

The golf courses, by their very nature, do contain hazards. These hazard areas include water which possesses a greater risk, especially to the young. It is the individual's responsibility to keep clear of these hazards. DO NOT place yourself at any risk which could be avoided.

Please ensure you thoroughly wash your hands after playing golf to avoid disease or infection. You are advised to avoid hand to mouth contact with anything that comes into contact with the golf courses. This includes sand, soil, water and grass.

Buggies will be hired to any individual on a first come, first served basis, subject to signing a buggy safety policy agreement. Only persons aged 17 years and over that hold a current provisional or full driving licence for either a motorcycle or car may drive a buggy. You must have the necessary skills and competency required to operate the vehicle safely. Care, consideration and right of way must be given to pedestrians and greenkeeping staff at all times. All drivers operate the buggy at their own risk and any injury caused or damage caused shall be the sole responsibility of the hirer.

Buggies must not be driven on greens and tees and should not be driven close to the green approaches, bunkers, green surrounds or the water's edge. Ride on buggy operators must not be under the influence of alcoholic drinks or drugs. Buggies shall be used only when the course is open for play and when no essential buggy prohibition is in force. Always negotiate the flat areas of the course, use the paths provided and take extra care on steep inclines and descents and be extra careful when the course is wet and/or muddy. Operating instructions are displayed within each buggy.

Cars are parked at owner's risk and must be parked in a responsible and appropriate manner at all times. Care must be taken when walking in areas where there are cars and buggies moving or manoeuvring.

Please give way to greens staff AT ALL TIMES. They will frequently be accessing the courses to maintain them. ANYONE who puts any staff at unnecessary risk will be asked to leave the premises.

Players should be aware that there is a potential threat from wildlife such as wasps, bees and biting insects on the course. Adders are also present on the golf courses, and urgent medical attention should be sought if you suffer a venomous bite.

During inclement weather (darkness, rain, fog and ice), the fact that the course has not been officially closed does not warrant that it is fit for play. Therefore, members and visitors should themselves determine whether they consider it safe to play. Players have a duty of care to behave in such a way that others may not be injured by their actions. They also have a duty of care to ensure that they do not injure themselves. All players play at their own risk and should do nothing to jeopardise the safety of themselves, greens staff or other players.

It is the player's own responsibility to discontinue play when, in his/her opinion, a danger from lightning exists. In the event that a player is out on the golf courses when lightning is about then the following safety considerations are advised:

1. Keep as low as possible and ideally crouch down in the nearest bunker/hollow.
2. Leave your golf equipment where it is and stand away from it.
3. Do not use a mobile phone – make sure it is switched off
4. Do not put an umbrella up in any circumstances.

Golfers to be aware when crossing all terrain of the risk of slips, trips and fall hazards and should wear appropriate footwear. Golfers to take care, if wearing spikes, when walking on paved or tilled areas. Special care should also be taken when walking near banks/slopes and during or after adverse weather conditions.

If anyone is injured or requires first aid or emergency treatment, contact main Reception or the Golf Shop. First aid provisions are available in Reception and the Lounge Bar and the complex has a number of fully qualified first aid employees. A full study of the golf course risk assessments are available to all golfers on request at reception.
